

RIOTING STOPPED

The Most Uneventful Day in St. Louis Since the Street Car Strike Began.

ONE CASUALTY ADDED TO THE LIST

Officer Crane Dies From Wounds He Received From Arthur Koenig, a Union Sympathizer.

The Swearing in of the Posse Comitatus is Progressing Smoothly, Nearly 500 Being Secured—No Settlement in Sight.

St. Louis, June 2.—As regards riotous demonstrations and shedding of blood in connection with the strike on the St. Louis Transit system, yesterday was one of the most uneventful since the employees went out, only one name being added to the list of casualties, that of Officer Crane, who died of wounds received the day before.

Former Gov. Wm. J. Stone is preparing the answer of the street railway to the injunction proceedings instituted in the federal court some time ago. Gov. Stone in the answer contends that there is an adequate remedy at law for a settlement of the difficulty without embroiling the federal government in the matter, and states further that there is no federal statute authorizing such an injunction as is prayed for in the United States court. In the answer the street railway union denies that it is responsible for stoppage of mails, obstruction of tracks, wire cutting and violence.

The swearing in of the posse comitatus is progressing smoothly. Nearly 500 men have been secured. When 1,000 men have been sworn in the force will be organized as a regiment, and if the 2,500 called for are sworn in, two regiments will be organized. Men of known military qualifications have been selected to drill and command the various companies.

From the purport of a letter delivered to a meeting of the business men's committee, appointed to bring about a settlement of the strike, it seems certain that there will be no modification of the strikers' proposal of settlement sent to the citizens' mediation committee until the leaders know to what extent the proposals will be accepted.

Mr. Cramer, of the citizens' committee, said that the reinstatement clause is the only thing that has not been agreed to. "The company," he said, "can not reinstate all the strikers because many of the positions on the road have been filled by men hired since the strike. If the strikers will agree to go to work if all the men for whom there are places are reinstated, preference being given to the older men, an agreement can be reached."

REV. JOHN C. LOWRIE DEAD.

He Was One of the Foremost Missionary Workers in the Presbyterian Church.

New York, June 2.—The death of Rev. John C. Lowrie, D. D., at East Orange, N. J., one of the foremost missionary workers in the Presbyterian church, he had been confined to his bed but a few days.

John Cameron Lowrie was born in Butler, Pa., in 1808. He went to India as a missionary of the Presbyterian church in 1833, but his health compelled him to return to this country in 1836. Dr. Lowrie became assistant secretary on the Presbyterian board of foreign missions in 1838, and in 1850 became secretary of the Presbyterian board of foreign missions, serving until 1851, when he gave up active work, being made secretary emeritus. Dr. Lowrie acted as moderator of the Presbyterian general assembly which was held in Pittsburgh in 1863. Dr. Lowrie was the author of several books relative to missions.

Judgment for \$16,000.

San Francisco, June 2.—A judgment for \$16,000 has been rendered against Frank Van Ness, the horseman, who about five years ago, while handling the race horse Morello, converted the animal to his own use and removed him to this state. An action was commenced by the owners, J. W. Singery and Louis Lammert, of Philadelphia, but during the proceedings the animal died, and a suit for \$20,000 was brought. It was shown that Morello was a valuable horse, and the jury returned a verdict in favor of the plaintiffs. The case will probably be taken to the supreme court.

Another Victory for Kid McCoy.

New York, June 2.—Kid McCoy added another to his long list of victories at the Broadway Athletic club by defeating Jack Bonner, of Summit, Pa., in the thirteenth round of what was to have been a 25-round bout at 155 pounds.

ROBERTS SILENT.

He Has Made no Report Confirming The Taking of the Transvaal Capital.

ALL COMMUNICATION IS SUSPENDED

It is Believed That the Boers Have Decided to Resist the British Entry Into Pretoria.

By Holding Three Forts Standing on the Hills South of the Town They Would Be Enabled to Stand a Long Siege.

London, June 2.—Lord Roberts continues silent regarding Pretoria, probably because he can not give of events from his own knowledge. Laurence Marques, where as the news from the Boer side is rehandled, enables that communication with Pretoria is now suspended. Some messages by courier have reached Laurence Marques, but none of later date than Wednesday. These assert that the burghers are in a state of panic and that Pretoria is being controlled by a vigilance committee. Laurence Marques again sends the report that President Kruger has been captured.

The news which gives rise to a suspicion that the citizens' committee at Pretoria may not have been able to carry out their plans for securing the peaceful entry of Lord Roberts and sparing the city the horrors of a siege. A peace party appeared to be in the ascendant, and as soon as President Kruger and his cabinet left Pretoria to organize a new capital the citizens' committee persuaded the commandants of the forts to withdraw some of the troops from the defenses, perhaps with the view of keeping order in the town. If messengers were sent to the British, or if the British, being two hours' march from Pretoria on Wednesday, entered it then or at any time prior to Friday noon, Lord Roberts would certainly have telegraphed the fact. Hence it looks as though there was a Boer force between Pretoria and Johannesburg.

These soldiers, trekking back toward Pretoria, some of them fresh from the fight with Gen. Ian Hamilton, would have brought a new element into the situation and would probably overrule the peace committee, taking the direction of affairs out of their hands. If this has happened, the British may, as the Daily Chronicle says, see some hard fighting before the British flag flies over Pretoria, for even if the Boers held only three forts standing close together on the hills south of the town, they would be in a position to stand a siege.

The Boers, according to a special dispatch from Laurence Marques, have re-entered the northeastern territory of the Free State and are engaged with the British near Ventersburg and Harrismith.

It is reported from Amsterdam that the best rooms at Het Haasje, one of the principal hotels, there, have been engaged for President Kruger's occupancy from June 25.

Gen. Buller is moving slowly against the Boer hanks. A dispatch from Vryburg, dated May 30, says: "During the occupation of this place by the Boers they flogged the natives for slight offenses. A whip and several cords, knotted and salted, were found at the police station. A boy who brought a letter to a woman received 25 lashes, and another who sympathized with him received 15."

Lady Georgiana Curzon has cabled £17,000 to provide comforts and luxuries at Mafeking.

The Times has the following from Laurence Marques, dated June 1: "Reports of the most conflicting character are current here, due to the activity of the Boer agents. While one section declares that President Kruger has returned to Pretoria for the purpose of arranging terms of surrender, another asserts that the British have been repulsed outside of Pretoria. Nothing authentic is known here regarding Mr. Kruger's whereabouts or the situation in the Transvaal."

BRITISH SURROUNDED.

Gen. Warren's Force Attacked by a Thousand Boers at a Sabotage on May 29.

Cape Town, May 31.—Gen. Warren with 700 men occupied a strong defensive position at Fabersput on May 29. At dawn he found that he was surrounded, and he was fiercely attacked by 1,000 rebels. The horses were stampeded, but the force concentrated and the Boers were repulsed.

A small party in a garden continued to fight tenaciously, but evacuated as the charge began, leaving a number of wounded.

The British lost 15 killed, including Col. Spence, and 30 wounded.

Will Purify Chinatown.

San Francisco, June 2.—In order to set at rest all reports that there is further danger from the buboic plague, and to protect their business interests, the merchants of this city have decided to raise a fund which is to be expended in purifying the Chinese quarter. At a meeting \$30,000 was subscribed and a committee appointed to increase the amount to \$50,000. More money will be raised if necessary.

London, June 2.—The Vienna correspondent of the Daily Telegraph says: "An active exchange of dispatches is going forward among the great powers relative to China. The colossal superiority of Russia's representation at Taku is regarded as significant. The triple alliance advocates united action by Europe to protect common interests."

Bishop Joyce's Opinion.

Minneapolis, Minn., June 2.—Bishop J. W. Joyce, of the Methodist church, who spent much time in China and is thoroughly familiar with the country in which the Boxer outbreak is rife, believes the powers will succeed in restoring order and in putting the railroad in operation. He points out that the atrocities committed have been confined to small towns and villages without military protection. He ascribes the trouble primarily to Chinese hatred of the present Mongolian dynasty.

WINDOW GLASS SCALE.

The New One Just Signed Will Affect About 70 Per Cent. of the Window Glass Workers.

Anderson, Ind., June 2.—Charles Bryant, of the Window Glass Workers' national wage committee, returned to his home from Pittsburgh and announced that the blowers and gatherers' wage scale for the season of 1900-1901 was signed in Pittsburgh by the American Window Glass Co. and L. A. 300. The new scale will affect about 70 per cent. of the window glass workers in the United States, and goes into effect September 1, 1900, remaining in force until June 30, 1901. The company guarantees at least seven months' work, with the privilege of extending the fire to ten months. The workmen accept a decrease of 11 per cent. in the wages paid this fire. Heretofore the snappers have been paid by the gatherers and blowers, receiving about 13 per cent. of their wages. Now the snappers will be paid by the manufacturers, which means a gain of from 2 to 5 per cent. to the blowers and gatherers.

A strife which has existed for several years between the cutters and flatteners and the blowers and gatherers, arising from the payment of wages to snappers, is eliminated by the present agreement. The American Co. agrees to start all its factories September 1. It will also operate the factories at Syracuse, N. Y., and Bridgeton, N. J. These factories have been idle all the season, but will be opened at the first of next season. According to the new scale, the single strength blowers receive the straight list, and the double strength blowers get the straight list, with 5 per cent. off. The present fire, which was to close June 15, has been extended to June 30. The American Window Glass Co. agrees to cancel the order for 100,000 of the 200,000 cases of window glass ordered from Belgium and place the order with L. A. 300 since the agreement to extend the fire. The question was formerly referred to the workmen and voted down, but it was taken up by the executive committee at Pittsburgh, and the men will continue to work. This is the first time the new scale has been signed before the old fire was out. It is expected the cutters and flatteners will sign the scale within the next few days. The American Co. hopes at an early date to force all the independent and co-operative factories to the wall by cornering all the glass on the market.

An Old River Pilot Dead.

Mexico, Mo., June 2.—Capt. D. A. Riner, aged 68 years, an old river pilot, is dead at his home here. He had been on the Mississippi and Ohio rivers for 51 years. He piloted the steamer that took Gen. Grant to the battle of Anloha. Gen. Grant was at Savannah, a few miles below Shiloh, on the Tennessee river, when the battle opened, and he went to the site on the steamer Tigress.

VETERANS ADJOURN.

Memphis Selected as the Place of Meeting Next Year—No Parade to Take Place.

Louisville, Ky., June 2.—The tenth annual reunion of the United Confederate Veterans adjourned sine die at 5 o'clock. The meeting of 1901 will be held in Memphis. Three cities—Memphis, Jacksonville and Buffalo—were competitors for the honor of entertaining the veterans next year. The final vote showed for Memphis 1,520 votes; Jacksonville, 256; Buffalo, 26.

There was a long debate just prior to the adjournment as to whether or not there should be a parade. Gen. Poyntz, commander of the Kentucky division, announced that it was the opinion of the local committees that there should be no parade on account of rain. He was greeted with loud cries of "No!" and a vote was taken, with the result that it was decided to have the parade. After all the business of the convention had been disposed of Capt. C. W. Carnes, of Memphis, took the floor and urged a reconsideration of the vote by which it had been decided to hold a parade. He claimed that the weather was such that a march in the wet would certainly cost some of the veterans their lives and cause others to become ill. It was finally decided that no parade should be held, and the convention then adjourned sine die, subject to the call for the next meeting in Memphis.

Sons of Confederate Veterans.

Louisville, Ky., June 2.—The United Sons of Confederate Veterans elected Biscoe Hindman, of Louisville, commander-in-chief, and after completing their business adjourned sine die. The Sons of Veterans will meet next year in the same city that the United Veterans meet in and at the same time. The motion to have only the confederate flag in the Sons of Veterans' division of the parade did not come up, the delegates by common consent allowing the flag question to be settled by the committee of the United Veterans which has the parade arrangements in charge. There was a strong sentiment that the flag incident should be quietly closed.

STRIKE IN KANSAS CITY.

All Building Trades Tied Up Except the Work on the Big Convention Hall.

Kansas City, Mo., June 2.—A general strike of all the building trades in Kansas City was ordered at a meeting of the Building Trades council. It is said that over 5,000 workmen will be involved. The strike order follows the lockout declared about two weeks ago by the Builders' club, an organization of contractors.

The contractors, after continued troubles with sympathetic strikes, announced that no members of unions affiliated with the Building Trades council would be employed. The strike order issued excepts the workmen employed on Convention hall and work for such contractors as surrender their membership in the Builders' club.

Smith, of the 11th infantry, to be brigadier generals of volunteers in recognition of their distinguished services in the campaign in the railroads. This action fills the only vacancies in the volunteer brigade rank. They were kept open in order to permit the president to bestow the appointments upon especially deserving officers in the field.
